

Accelerated Reader Incentive Program

AR quizzes assess the reader's comprehension. Points your child earns are based on the point value of the book and the score on the quiz. For example, if your child earns 100% on the test for a 1 point book, your child earns 1 point. If the test score is 80% (missing one question) your student earns .8 points. You may find your student's accumulated points on the TOPS report.
